Blood donation is a simple act
of kindness that can save
countless lives.

Request Blood

Donate Blood

Who Can Donate?

Healthy individuals aged 18-65, weighing at least 110 lbs, can donate blood every 56 days.

Donation Process

The entire process takes about an hour, with the actual donation lasting only 8-10 minutes.

Benefits of Donating

Free health screening, reduced risk of heart disease, and the satisfaction of saving lives.
